DIGITAL LITERACY

Digital Literacy in the Digital Age

Presented By K.VIJAYARAJANATHAN

What Is Digital Literacy?

It is the ability to find, evaluate, and communicate information through various digital platforms. It’s not just about using a computer, but using it critically and safely.

Essential Tools For Students

- Collaboration: Google Workspace (Docs, Sheets), Slack.
- Learning: Coursera, Khan Academy, HackerRank.
- Organization: Notion, Trello, Google Calendar.

Safe Internet Practices

- Passwords: Use complex combinations and change them regularly.

- Privacy: Never share OTPs or personal details on public links.

- Verification: Always double-check "news" or links before clicking or sharing.

Professional Online Presence

- LinkedIn: Your digital resume. Keep it updated.
- GitHub: Showcases your technical projects and consistency.
- Portfolio: A central hub for all your achievements.

THANK YOU
